IMPROVING YOUR MEMBER RETENTION

Keeping current members is a sign of a club's stability and overall well-being. Many clubs don't recognize their retention problems if the number of members remains somewhat steady. However, clubs that consistently lose members and compensate by inducting new members are not managing their growth or retention well. This assessment provides a view of how both the induction and the termination of members contribute to the net gain or loss of members.

OUTCOME

Conduct this assessment and act on its results to:

- Determine when and why members leave your club
- Generate strategies to keep them engaged and involved so they stay

GETTING ORGANIZED

To complete the steps below, you will need access to club membership reports on My Rotary. The club president, secretary, treasurer, membership chair, and Foundation chair have this access and can delegate it to any fellow club member. It may be helpful to work with a member who has experience in data analysis.

GETTING STARTED

Ready to start? Here's how.

Note: Each of the steps can take a week or longer.

Step 1: Review your club's historical and existing member

ROTARY RESEARCH

Understanding why members leave is crucial to strengthening your club. The Exit Survey in Understanding Why Members Leave is designed to gather this information. Rotary International has conducted extensive research on the reasons members leave their clubs worldwide. Here's what we've found.

Members who stay less than 1 year

Many members leave within the first year because they were not fully informed about the responsibilities of membership before joining or not fully educated about Rotary after joining. Some have trouble meeting attendance requirements or struggle with financial obligation, while others say that their networking expectations were not being met.

What you can do

If your club loses members within the first year, focus on:

- Communicating better to prospective members, both about the personal and professional benefits that your club has to offer, as well as about the

- Connect members with opportunities to develop their professional skills and expand their networks.
- Club Programming Vimeo Channel – Use these videos from recent Rotary events to supplement your club meetings. Videos range from 10-25 minutes.

Connect with prospective members

Use the strategies and ideas in these resources to connect with potential members:

- Engaging Younger Professionals — Welcoming younger professionals into Rotary is essential for us. Our digital kit will help you rethink membership and bring emerging leaders into your club.
- Strategies for Attracting New Members —Take this Learning Center course to help draw prospective members, update your club's experience, and better highlight what it does well.
- Customizable club brochure — Design your own club brochure using the template on Rotary's Brand Center. Choose images and wording to best represent your club.
- Discover Rotary — Show this presentation to prospective members or at your club's public events. Add content and images specific to your club, and have prospective member brochures available.
- Finding New Club Members: A Prospective Member Exercise — Try these strategies to attract qualified members for your club.
- Creating a Positive Experience for Prospective Members — Working with prospective members is a delicate task. Find tips and ideas to determine whether membership would match their needs as well as your club's. Learn what you can do to ensure that prospects have a positive experience, regardless of whether they join.
- Guide to Corporate Membership — Learn how to engage your local businesses and offer a new membership type to a few of the business employees.

Follow your membership candidates

Many prospective members express their interest in Rotary through rotary.org/join. If you are a club or district leader, you will receive an email alert letting you know when prospective members have been assigned to your club or district. Check often — these prospective members are waiting to hear from you.

These resources can help you understand what to do with membership leads:

- Online Membership Leads course — This Learning Center course will show how a prospect experiences the membership leads process, and how club and district leaders can create a consistent, positive experience for prospective members.
- Connect to Membership Leads — Learn how to find and track prospective members who want to get involved.
- Managing Membership Leads presentation — An in-depth training tool for helping clubs and district leaders understand the entire process for managing membership leads.
- How to Manage Membership Leads (for clubs and districts). Learn how to find and manage your online membership leads.

CLUB MODELS

Rotary is a global network of 1.2 million neighbors, friends, leaders, and problem-solvers who see a world where people unite and take action to create lasting change — across the globe, in our communities, and in ourselves. The criteria for membership are simple. For Rotary clubs, a member needs to be an adult — or for Rotaract clubs, a person age 18-30 — who demonstrates good character, integrity, and leadership; has a good reputation within their business or profession and community; and willing to serve in the community or have an impact elsewhere in the world. All clubs share similar values and a passion for service, but no two clubs are the same because each community has its own unique needs.

Club Model	Description	Appeals to	Minimum number of charter members
Traditional Rotary Club	Professionals and aspiring leaders who meet regularly for service, connections, and personal growth	People looking for connections, service opportunities, and traditions Learn more at Start a Club.	20
Satellite Club	A Rotary club sponsored by a traditional club but with its own meetings, projects, bylaws, and board	Those who want a club experience or meeting format or time other than what's offered by the traditional clubs in the area Learn more in the Guide to Satellite Clubs.	8
E-Club	A Rotary club that meets primarily online	People who travel frequently, whose schedules make it difficult to meet in person, or who prefer an online experience Learn more about online club meetings.	20
Passport Club	A Rotary club that allows members to attend other Rotary club meetings as long as they attend a specified number of meetings in their own club each year	People who travel frequently, or those who enjoy trying a variety of club experiences and meeting lots of new people Learn more in the Guide to Passport Clubs.	20
Corporate Club	A club whose members (or most of them) work for the same employer	Employees of an organization who want to come together to do good in their community	20
Cause-Based Club	A club whose members are passionate about a particular cause and focus their service efforts in that area	People who want to connect with others while addressing a particular set of problems.	20
Alumni-based Club	A club whose members (or most of them) are former Rotary or Rotary Foundation program participants	People who have participated in Rotary outside of a club	20
Rotaract Club	A club of members ages 18-30 that is sponsored by a Rotary club and often works with that club on projects	Younger people who want to serve their communities, develop leadership and professional skills, and have fun through service. Learn more in the Rotaract Handbook.	n/a

All club models meet at least twice each month. With exception of Rotaract clubs, all active members pay US$68.00 in annual dues, are counted in Rotary International's database, and have voting privileges.
