

## YOUR PERSONAL COMMITMENT TO YOUR CLUB

(Membership)

Our club needs members to do work in the community and world. The club needs quality members to attract more quality members. Our club needs you! Please commit to helping with the following commitment:

- I commit to the following to help my club achieve an increase in club members through retention of existing members and qualifying outstanding community leaders to propose for membership.
- I commit to have an elevator statement (very short version as to what Rotary has meant to me and what Rotary is all about). Practice it and be prepared to share it.
- I commit to bring a guest at least one per quarter. Not limited to one!
- I commit to follow up with the members (alphabetically on the club directory- 3 above and 3 below my last name), if they have missed a few meetings. Just to check on them and let them know they were missed. This helps our club find those who are having difficulties and may need help.
- I commit to sit with and “orient” a new member to positive views of the club. Encourage them to get involved. Never let a new member sit alone.
- I will volunteer to the club membership committee to help with: orientation, introductions, mentoring, classification survey, visiting key community leaders to qualify for membership, giving a brief talk to the club on why you are a member, leading an education session on what the club has done in the community through the years, work on PR which includes getting publicity for speakers and members, and whatever I can help with, using my talents to help the club with membership. I will be proactive in volunteering.
- I commit to a least one hour devoted to club membership every quarter.
- I commit to wear my Rotary pin every day to encourage others to ask, “What is that?”
- I will be very committed to help improve my club’s membership. It is up to ME!
- I might not achieve all of these, but I WILL GIVE MY BEST EFFORT.
